

DETOXIFICATION SERVICES...

A Rule 32 Facility

- ❖ Licensed by MN DHS & MN Department of Health
- ❖ 24 Hour Receiving
- ❖ 24 Hour Nursing Staff/Medical Monitoring
- ❖ Mandatory CD Evaluation
- ❖ Gateway to Treatment Source

CMMHC's Detoxification Unit is a 12 bed, 24 hour, unlocked subacute medical facility established to safely monitor persons admitted under the influence of alcohol and/or drugs, or to assist clients experiencing withdrawal from the same. Clients may be self-referred or referred by law enforcement, health care providers, social services or other community agencies. Length of stay typically ranges from 12 to 72 hours during which time the client is monitored by staff, including a RN, a LPN and a CD technician, for symptoms of withdrawal. Clients may receive medication according to the recommendations of our Medical Director who is available by phone 24 hours a day.

All clients meet with a licensed alcohol & drug counselor, who, based on the clients' input and/or information initiated by other sources, collaborates with the client in making post-discharge plans, including referrals to other resources that will be helpful to the client. All client information is confidential and cannot be released without the client's permission.

For additional information call the Detox Center at 320-252-6654.
